I've tried different stuff, but every time I tried to position it I would have a position top greater than 0. I was trying to do a sort of Css position absolute that works like this: $("#dialog").dialog({ autoOpen: false, width: 800, modal: true, position: 'absolute', top: 0, left: 0, height: 200, show: 'effect' }); But I don't know how to position a dialog with a position top and left greater than 0.
